

Area or people at Risk	Risk Identified	Actions to take to mitigate risk	Notes
<p><b>Staff, contractors and volunteers</b> - identify what work activity or situations might cause transmission of the virus and likelihood staff could be exposed.</p>	<p>Cleaning surfaces infected by people carrying the virus. Disposing of rubbish containing tissues and cleaning cloths. Deep cleaning premises if someone falls ill with CV-19 on the premises. Occasional Maintenance workers.</p>	<p>Stay at home guidance if unwell at entrance and in Main Hall. Staff/volunteers provided with protective overalls and plastic or rubber gloves. Contractors provide their own. Staff/volunteers advised to wash outer clothes after cleaning duties. Staff given PHE guidance and PPE for use in the event deep cleaning is required.</p>	<p>Staff/volunteers may need guidance as to cleaning. Checklist to be produced inc cloths used on light switches and electrical appliances rather than spray disinfectants, rubberised and glazed surfaces can become damaged by use of spray disinfectant too frequently.</p>
<p><b>Staff, contractors and volunteers</b> - think about who could be at risk and likelihood staff/volunteers could be exposed.</p>	<p>Staff/Volunteers who are either extremely vulnerable or over 70. Staff or volunteers carrying out cleaning, caretaking or some internal maintenance tasks could be exposed if a person carrying the virus has entered the premises or falls ill. Mental stress from handling the new situation</p>	<p>Staff /volunteers in the vulnerable category are advised not to attend work for the time being. Discuss situation with staff/volunteers over 70 to identify whether provision of protective clothing and cleaning surfaces before they work is sufficient to mitigate their risks, or whether they should cease such work for the time being. Provide screen for box office. Talk with staff, trustees and volunteers regularly to see if arrangements are working.</p>	<p>Staff/volunteers will need to be warned immediately if someone is tested positive for COVID-19 who has been on the premises. Details of a person's medical conditions must be kept confidential, unless the employee/volunteer agrees it can be shared. It is important people know they can raise concerns.</p>

<p>Exterior areas including paths/patio</p>	<p>Social distancing is not observed as people congregate before entering premises. People drop tissues</p>	<p>Mark out 2 metre waiting area outside entrance with tape to encourage care when queuing to enter. 2 metre spaced sticker circles on patio for further safe queuing.</p> <p>Caretaker asked to check area outside doors for rubbish which might be contaminated, e.g. tissues. Wear plastic gloves and remove</p>	<p>Main risk is likely to be where people congregate (patio outside front doors, back garden) or for vulnerable people. Provide gloves for litter collection.</p>
<p>Social distancing requirements and limit on group sizes of 6 or 2 households. Risk to hirers/event organisers and to those attending</p>	<p>Confusion among hirers Risk is people attending in groups mingle with others not in their group, which is unlawful and may worry other users. Risk of virus spread to all attending an activity or event rather than one group of &lt; 6</p>	<p>Ensure hirers understand the limit on group sizes (if people attend in groups ) and convey to those attending the need to avoid mingling between groups. Adjust hire conditions to cover this.</p> <p>Ensure hirers understand the limit on group sizes (if people attend in groups ) and convey to those attending the need to avoid mingling between groups. Adjust hire conditions to cover this.</p>	<p>Event organisers are not expected to ask about people's domestic arrangements. But no group members should mingle, ie mix, with another group.</p> <p>Polite socially distanced, speaking only between groups, as for an activity at which all individuals are socially distanced. Avoid raised voices or interactions.</p>
